In a class I teach adults. One day I gave the class homework! It was to "go to someone you love during the next week and tell them you love them. It has to be someone you have never said those words to before". After a week, before I had class, one of the men stood up with a little excitement and said, "Dennis, I was quite angry with you last week when you gave us the homework. I didn't feel that I had anyone to say those words to. But as I began driving home, I started to think who I needed to say 'I love you' to. You see, five years ago, I argued with my father and from then on, we hardly spoke to each other. So I realized that I was going to tell my father I loved him." "At 5:30 the next afternoon, I was at my parents' house ringing the doorbell, and dad did answer the door." "I took one step in the door and said, 'Dad, I just came over to tell you that I love you." "My father was very excited. He reached out and hugged me and said, 'I love you too, "I hadn't felt that great in a long time. But two days after that visit, my dad, who had heart problems, is unconscious (不省人事的). I don't know if he'll make it." "So I want to say: Don't wait to do the things you know need to be done. Take the time to do what you need to do and do it now!" (nod) Of mostrict to do asset 1. What does Dennis do? his next challenge will be to swim between Europe and Africa. 2.
