VI. 阅读理解

(本题共 3 篇文章, 14 小题, 每小题 2 分, 满分 28 分)
A. 阅读短文, 根据短文内容选择正确答案。

The camel lives in the deserts of Africa and Asia and eats grass. It can go without water for a long time. Some people think it carries water in the humps on its back, but it's not true. It stores (储存) food in its humps. The camel's body changes the food into fat. Then the camel stores the fat in the humps. A camel cannot store the fat all over its body. Fat all over an animal's body keeps the animal warm.

Camels live in the desert. They do not want to be warm during the day. The desert is very hot. The camel gets hotter and hotter during the day. It stores this heat (热量) in its body because the nights are cool.

The Arabian (阿拉伯的) camel has one hump. The Bactrian camel of Central Asia has two humps. It also has long, thick hair, because the winters are cold in Central Asia. There is a lot of sand in the desert. The camel has long eyelashes. The eyelashes keep the sand out of the camel's eyes.

Arabic has about 150 words to tell about a camel. Many people who speak Arabic need all these
