Dear Susan,

I am glad to hear that you are coming to Shenyang. With the coming of the 12th National Games in Shenyang in September 2013, I feel pleased to introduce Shenyang to you.

Shenyang, the capital of Liaoning province, located in the northeast of China, is a political, economic and culture center. Also, it is an important industrial base and famous historical city. As the birthplace of the Qing Dynasty, many rare and precious cultural relics can be found here, like the Imperial Palace, the Remains of Xinle and Liaoning Museum.

In addition, the nice weather and convenient transport can make your trip more comfortable. I am sure your visit will be unforgettable here.

Looking forward to meeting you here.

Yours sincerely,
Li Hua
