IV. 阅读理解 (一) (共 10 小题, 每小题 2 分, 共 20 分)

(A)

People use body language to send messages to one another. It is very useful because it can help you make yourself easily understand. When you are talking with others, you are not only using words, but also using expressions and gestures (手势). For example, waving one's hand is to say "goodbye". A smile and handshake show "welcome", and clapping (拍打) hands means "congratulations". Nodding the head means "agreement", and shaking the head means "disagreement". Both Chinese and foreigners accept the gestures because they always have the same meanings. When you are abroad, it is very important to know the meanings of gestures and movements in the foreign country. Following the customs (风俗) will help you communicate with people and make you stay there much happier and more comfortable.

- () 36. Why do people use body language?
