His face was in every magazine for teenagers, and young girls bought photos of him 7 (hang) on their bedroom walls.

Perhaps another reason 8 the program was popular in America is that most of its stories were about normal family programs. Many people watching it had the same problems. 9 Mike's parents, many working parents worry about their children and have difficult 10 (decide) to make about them.

Many times when I was at a bad mood I shouted at the people around me. I scream, shouted and ran as fast as I could relieve my pressure. So it was useless, since I still had to return to the problem. This term I begin to change. I have realized however greater the difficulty is, I have to face with it. It's no use screaming and shouting at others. Now I feel every day is a pleasant day and the sun is always shining bright on my face.

解析:

Hello, everyone,

I'm honored to stand here to tell you something about my school life in the past two months.....

【答案】

One possible version:

Hello, everyone,

I'm honored to stand here to tell you something about my school life in the past two months.

Our school is very beautiful with a woody garden, where we can take a walk, breathing the fresh air and enjoying the pleasant scenery. The advanced equipment in the classroom is just brilliant and it helps our teachers make their classes lively and interesting. My classmates are so excellent and diligent that I have to work extremely hard to keep up with them. Fortunately, my teachers and classmates are all friendly and enthusiastic. I have already made several new friends here. However, the food in the cafeteria is very poor and I hope it can get improved. Besides, we are extremely busy doing homework every day. How I wish we could have more time for physical exercise!

Thank you!
