The book "The Crying Seas" is for children. It was <u>16</u> by Simon Walker. It <u>17</u> the seas. It tells us about different kinds of water <u>18</u> and the things we can to keep the seas clean. It also tells us about many different ways to save the seas. In this book, Simon Walker said, "Three quarters of the earth is water, so our life is <u>19</u> by what we did to the seas. For thousands of years, the seas have helped us by giving us food and water. Now, we are feeding them <u>20</u> dirty water from factories and <u>21</u> from our homes. The seas are crying <u>22</u> they are very sick. Please help save <u>23</u>."

You can see many wonderful photos of the seas in this book. You can also see beautiful photos of sea animals, 24 whales and sea horses. I think it is a very interesting and 25 book. Let's all do our best to help the seas.

Passage 1

There are some easy things you can do to protect the environment and the earth. Choose ideas from the list or come up with a few of your own.

- Plant flowers, grass or trees.
- Whenever you visit a park or beach, take away what you bring there—keep litter in a bag until you can put it in a dustbin
- Turn off the lights, TV sets when you leave the room. This saves a lot of electricity.
- Turn off the tap when you brush your teeth. You can save some water by not letting it run. Also, use a glass cup instead of a paper cup because this saves paper.
- Keep the doors and windows closed in winter to keep warm air in.
- Give your old books and magazines to a library instead of throwing them away.
- Give your old clothes to poor children you know instead of throwing them away.
- Use both sides of paper.
- Stop pouring dirty water into the rivers or lakes nearby.
- Encourage all your friends to do the same things you do to help protect the earth.

You don't have to wait until Earth Day to do these things. Make every day Earth Day. If everyone makes a contribution (贡献) to protecting the environment, the world will become much more beautiful.
